

EXPLORE & DISCOVER

THE

CENTER OF INNOVATION FOR
FLOW THROUGH
POROUS MEDIA

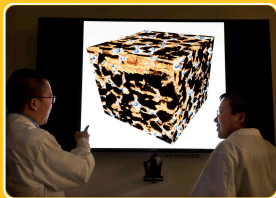

Explore one of the University of Wyoming's premier research facilities!

Learn how researchers are tackling challenges in:

- Energy,
- Material Science,
- Engineering,
- and more!

While visiting, you'll get to explore the unique capabilities and mission of COIFPM including:

- A facility overview highlighting the building's specialized research spaces.
- A look inside advanced laboratories supporting sustainable energy and material science research.
- Insight into projects tackling real-world challenges in energy development, carbon storage, and materials innovation.
